

DEX Fields

DEX Field	Description
ID101	Machine Serial Number
ID102	Machine model number
VA101	Value of all paid sales since installation
VA102	Number of all paid vends since installation
VA103	Value of all paid sales since last reset
VA104	Number of all paid vends since last reset
MA501	Cold Food
MA502	Total cold food paid sales since installation
MA503	Total cold food paid sales since reset
CA302	Value of cash to coin box since reset
CA303	Value of cash to tubes since last reset
CA304	Value of bills since reset
CA401	Value of cash dispensed since reset
CA402	Value of cash manually dispensed since reset
CA801	Value of cash overpay since reset
CA1001	Value of cash filled since reset
VA1403	Number of bills to stacker since reset
TA203	Value of vend token sales since reset
TA204	Number of vend token vends since reset
DA203	Value of card sales since reset
DA204	Number of card sales since reset
PA101	Product number
PA102	Product price
PA103	Product identification
PA203	Number of product vended since reset
PA204	Value of paid product since reset
EA201	Event identification, one free product vends
EA202	Number of events since last reset
EA204	User defined field, value
EA201	Event Identification, Promotion vends
EA202	Number of events since reset
EA204	User defined field, value
EA201	Event Identification, tube value (.05, .10, .25, 1.00)
EA204	User defined field, value
EA301	Number of data reads since installation
EA302	Date of this read out
EA303	Time of this read out
EA304	This terminal/interrogator identification
EA305	Date of last read out
EA306	Time of last read out
